# Craftsmanship

Handcrafted in the tradition  
of generations of master craftsmen.

Executive Series® by Daron models are meticulously handcrafted one model at a time in small, limited batches. The handcrafted tradition of making model airplanes combines skill and passion. Artisans meticulously carve, decorate, and assemble each piece individually. This art form celebrates both the precision of aviation engineering, and the creativity involved in turning raw materials into detailed miniature aircraft.

G0310  
PAN AM B-314  
1:100 (12.5" L x 18.5" W)

For a complete listing of models visit: [daronwwt.com](http://daronwwt.com)

## Attention to Detail

Extremely fine details are implemented into every model entirely by hand.

Each model reflects a deep appreciation for aviation.
