Thank You.

A melody echoes through time, a tune that was born in 1941 when Halilit opened its first workshop and began to produce musical instruments.

For decades, the voices of Recorders, Xylophones, and many other Halilit instruments ignited passions in musicians' hearts.

Then, in 1974, a thrilling new symphony began – we started to craft musical toys, each chime a joyful note, each rattle a song of discovery, and for 50 years, we have watched children play our creations, their eyes sparkling with the magic of music.

To you, our business partners, conductors of the playtime orchestra, we raise a grateful chorus of appreciation. Thank you for sharing our timeless magical melody.
