## Why choose Recent Toys & Mefferrt's Puzzles

Recent Toys is not just another puzzle brand—it is a pioneer, a global community, and a trusted name in quality, innovation, and sustainability. Retailers choosing Recent Toys offer customers more than just a puzzle; they provide a lasting experience.

### 01/ Great Legacy

Pioneering the Twisty Puzzle Craze since 1980, Meffert's has shaped the puzzle world with creativity and groundbreaking designs that captivate puzzlers of all ages.

### 02/ Robust Quality & Craftsmanship

Recent Toys puzzles are engineered for precision and durability, crafted from premium materials that ensure smooth mechanics and long-lasting enjoyment.

### 03/ Repairability & Warranty

Unlike many puzzles that wear out over time, Recent Toys designs its products for easy disassembly and repair, offering affordable replacement parts and a 10-year warranty (conditions apply) for lasting value.

### 04/ Innovative Designs

Recent Toys delivers unique, copyrighted puzzles beyond conventional cubes, collaborating with top designers to bring exciting challenges like the Pyraminx and Gear Cube to market.

### 05/ Educational & Cognitive Benefits

Designed for more than entertainment, these puzzles enhance problem-solving skills, concentration, and perseverance, making learning interactive and engaging.

### 06/ Strong Global Community

Meffert's has built a worldwide network of puzzlers, fostering creativity and challenge through events, collaborations, and interactive platforms.

### 07/ POS Materials

Recent Toys supports retailers with high-quality POS materials, including eye-catching displays, making it easy to showcase products effectively and boost sales.

### 08/ Sustainability

Committed to reducing its carbon footprint, Recent Toys is transitioning to plastic-free packaging, with over 96% of products now using eco-friendly materials.

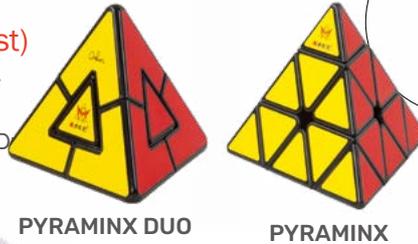

The brand prioritizes FSC-certified timber for wooden puzzles and durable, recycled ABS plastic for plastic items.

## RTM5031 Gear Ball

DIFFICULTY: HIGH  
❄️❄️❄️❄️❄️

Growing in popularity by the year, the Gear Ball is still the top seller around the globe. Welcome to a remarkable work of “puzzle art”: a combination of intriguing construction, enjoyable play, and unbelievably smooth movements. Gear up!

9y+ Package: 12.5 x 10.5 x 10.5 cm  
8717278850313

## RTM5041 Morph's Egg

DIFFICULTY: HIGH  
❄️❄️❄️❄️❄️

Can you get it back to the egg shape? Don't crack under the stress! These components twist and spin on every axis, and the egg will quickly fall apart. If you want scrambled eggs for breakfast this is the perfect puzzle.

9y+ Package: 12.5 x 10.5 x 10.5 cm  
8717278850412

## RTM5071 Pyraminx Duo

DIFFICULTY: LOW  
❄️❄️❄️❄️❄️

For the beginner puzzler, or the pro looking for a new challenge. With remarkably simple design, the Pyraminx Duo might seem one-dimensional. But this puzzle has a double-solution: first, solve by bringing each colour to one side; now, can you do it again...but in just four twists?

9y+ Package: 12.5 x 10.5 x 10.5 cm  
8717278850719

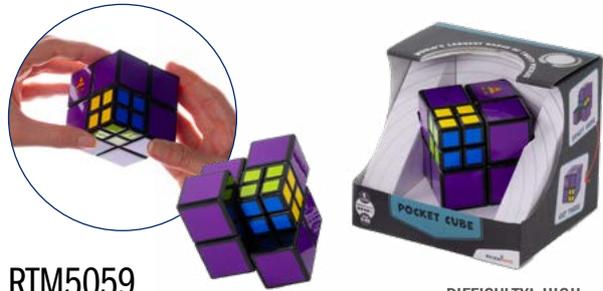

## RTM5035 Pyraminx

DIFFICULTY: AVERAGE  
❄️❄️❄️❄️❄️❄️

The one that started it all! The Pyraminx was created by scientist and inventor Uwe Meffert 52 years ago. One of the very first twisty puzzles, if not the first, and now the Pyraminx and Uwe are world famous! It's hard to beat a classic...the original Pyraminx.

9y+ Package: 12.5 x 10.5 x 10.5 cm  
8717278850351

## RTM5059 Pocket Cube

DIFFICULTY: HIGH  
❄️❄️❄️❄️❄️❄️

A cube within a cube within a... At first glance, the pocket cube looks like a simple 2x2 cube. But with the axis off-centre and moving cubes of two different sizes, there is nothing simple about this cube! Can you master the crazy shapes and return the pocket cube back to its original shape?

9y+ Package: 12.5 x 10.5 x 10.5 cm  
8717278850597

## RTM5098 Hollow Skewb Cube

DIFFICULTY: HIGH  
❄️❄️❄️❄️❄️❄️

No core, no problem. The Hollow Skewb is strikingly free from everything but the bare minimum to solve a puzzle. It looks amazing and feels great in your hands – a pleasure for beginners and experts alike. Marvel at its construction as you twist and spin each half of the cube to align the colours on the barely-there sides. Nearly intangible but always delightful!

9y+ Package: 12.5 x 10.5 x 10.5 cm  
8717278850986

**RTM5053**  
Megaminx

DIFFICULTY: VERY HIGH  
❄️❄️❄️❄️❄️

Are you ready for the greatest challenge of all? With 50 movable pieces (compared to 20 in a standard cube puzzle), the Megaminx is sure to be a star in any puzzler's collection. Twist and turn each of the dodecahedron-shaped Megaminx's 12 sides until each side has the same colour. The faces spin just like the classic cube... but beware: the Megaminx is a MEGA challenge!

9y+

Package: 12.5 x 10.5 x 10.5 cm

8717278850535

**RTM5044**  
Molecube

DIFFICULTY: VERY HIGH  
❄️❄️❄️❄️❄️

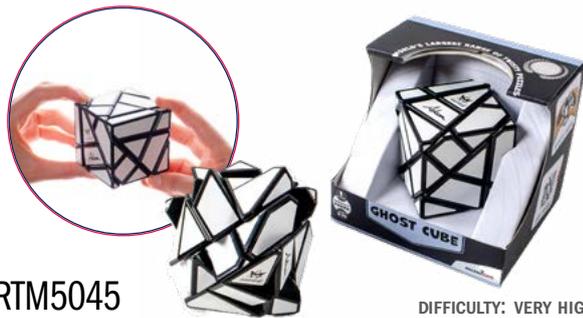

Is puzzling in your DNA? A smooth spinning device that glides with your wrists, and whose spherical pieces really give you the feeling of ultimate dexterity! Then there's the puzzle itself. Can you get all 9 colours on each side? Careful: only a puzzler who understands cubes at the atomic level stands a chance!

9y+

Package: 12.5 x 10.5 x 10.5 cm

8717278850443

**RTM5045**  
Ghost Cube

DIFFICULTY: VERY HIGH  
❄️❄️❄️❄️❄️

A shape-shifting master test of skill. There's more than meets the eye with this puzzle. At first glance, it's a normal six-sided cube, but within a few twists it will have more angles and unusual shapes-upon-shapes than you'll know what do with — let alone solve! Do you think you stand a ghost of a chance?

9y+

Package: 12.5 x 10.5 x 10.5 cm

8717278850450

**RTM5109**  
Ghost Xtreme

DIFFICULTY: VERY HIGH  
❄️❄️❄️❄️❄️

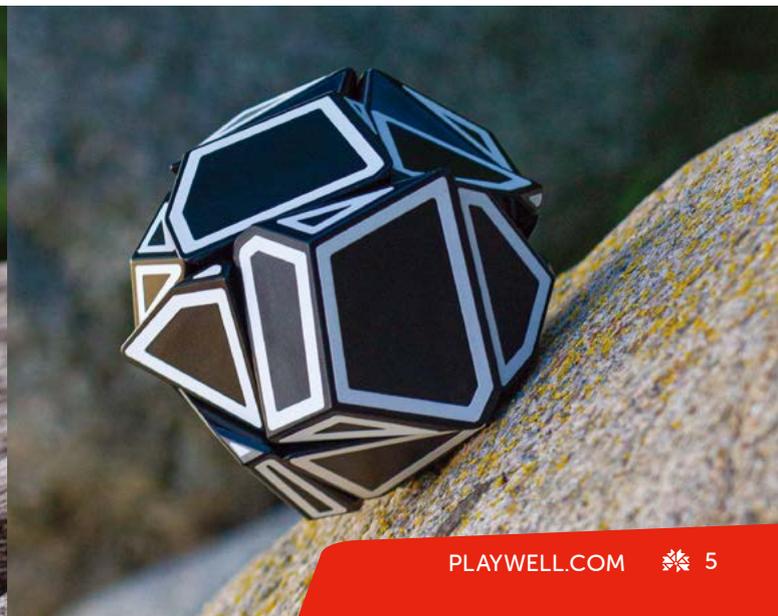

For serious puzzlers only! With double the sides of the original Ghost Cube, the twelve-sided Ghost Xtreme is a morphing puzzle that will challenge you unlike ever before. Without varied colours or standard-shaped pieces, the only guide you have is your own skill. Next-level puzzling at its best!
