Give kids a greener way to play with toys made from sustainable, recycled plastic!

Shape & Color Garden

LER 3610
TODDLERS+ | AGES 18 MONTHS+

Watch fine motor skills and hand-eye coordination blossom as kids match 10 colorful numbered plants by shape to their corresponding flower pots. Made from recycled plastic, plants include a colorful mix of flowers and succulents with 5 unique shape stems. Includes Activity Guide filled with eco-conscious facts.

Seymour the Counting Shapes Sea Turtle™

LER 3609
TODDLERS+ | AGES 18 MONTHS+

Kids sort the baby sea turtles by shape while plugging them into Seymour's shell to learn counting and color identification while building fine motor skills. Made from recycled plastic, all baby turtles store inside Seymour's shell to keep our play areas, like our oceans, clean! Includes Earth-friendly Activity Guide. Seymour measures 6¼"L x 6"W x 3½"H.

Seaside Pounding Bench

LER 3612
TODDLERS+ | AGES 18 MONTHS+

Kids build hand strength, coordination, and more when they grab their kid-safe hammer and pound the beach-themed pegs into this double-sided pounding bench. Pegs stay connected for no-mess fun, and feature added color and number learning! Made using sustainable recycled plastic, this toy also gives kids a greener way to play! Bench measures 10½"L x 8"W x 4"H.

Ocean Emotion Seashells™

LER 3611
TODDLERS+ | AGES 18 MONTHS+

Kids strengthen social-emotional skills with the help of 6 double-sided ocean friends whose two unique expressions make it easy to identify and compare feelings. Includes 6 pop-apart seashells that build fine motor and memory skills, and a reusable plastic storage pail. This sustainable toy is made with post-consumer recycled plastic! Bucket measures 6"L x 5¾"W x 5"H.

Rainbow Fraction® Teaching System

Color-Coded Fraction Manipulatives

Color-coding helps students apply their understanding of fraction concepts to new contexts. Students will begin to make mathematical connections when they see that pink always means $\frac{1}{2}$, yellow always $\frac{1}{4}$, and so on—whether they're working with our cubes, circles, squares, or tiles.

Tiles

Red = 1	Teal = $\frac{1}{6}$
Pink = $\frac{1}{2}$	Blue = $\frac{1}{8}$
Orange = $\frac{1}{3}$	Purple = $\frac{1}{10}$
Yellow = $\frac{1}{4}$	Black = $\frac{1}{12}$
Green = $\frac{1}{5}$	

The sequence and selection of colors of all fraction pieces and cubes are a registered trademark of Learning Resources, Inc.

Rainbow Fraction® Circles & Squares

Circular, rectangular, and square pieces provide a multisensory way for students to explore equivalencies and practice adding, subtracting, and comparing fractions. Each set includes 9 circles or squares (1 whole, $\frac{1}{2}$, $\frac{1}{3}$, $\frac{1}{4}$, $\frac{1}{5}$, $\frac{1}{6}$, $\frac{1}{8}$, $\frac{1}{10}$, and $\frac{1}{12}$), a combination work tray, and storage box. Circles measure $3\frac{1}{2}$ " in diameter each and squares measure 4"L x 4"H each.

Prisms and Lenses Set

● 6560
 GRADES 1+ | AGES 6+
 Includes 6 acrylic prisms and lenses: rectangular block, semicircle, equilateral prism, double convex lens, and 2 double concave lenses.

Starter Science Graduated Cylinder Set

● 95813
GRADES PRE-K-K+ | AGES 3+

Graduated cylinders make it easy for kids to measure and pour liquids. Set includes five graduated cylinders (10, 25, 50, 100, and 250mL). Bases keep the cylinders stable and colored rings slide to make measuring easy. Cylinders range from 4" to 7.5" tall. Includes guide.

⚠ SMALL PARTS [1]. Not for children < 3 yrs.

Starter Science Measuring Flask Set

● 95814
GRADES PRE-K-K+ | AGES 3+

Made from clear and durable plastic, our Starter Science Measuring Flasks feature rainbow stoppers that fit snugly and are built to withstand years of experimenting. Kids will enjoy experimenting and measuring liquids to learn about volume and more. Includes guide.

⚠ SMALL PARTS [1]. Not for children < 3 yrs.

Starter Science Funnel Set

● 95815
GRADES PRE-K-K+ | AGES 3+

Compatible with both solids and liquids, these funnels allow kids to explore flow rates, volume, sifting, and more. Set includes four funnels: 4 oz, 8 oz, 12 oz, and powder funnel with a sifter attachment. Also includes a stand to make pouring easy and a guide.

Starter Science Lab Tool Kit

● 94484 
GRADES PRE-K-K+ | AGES 3+

Set includes high-quality, authentic lab tools and six double-sided experiment cards that introduce kids to specific concepts while guiding them through experiments they can do with the tools in the kit and common materials. Activity guide includes real-world connections, safety information, and details on how to use the kit components.
